# DIRECTORATE OF **DISTANCE & ONLINE** EDUCATION

MASTER OF BUSINESS ADMINISTRATION  
(INFORMATION TECHNOLOGY)

COURSE BROCHURE (2026-27)

# INTRODUCTION

Mangalayatan Online offers an Online MBA (IT) to provide quality education to students to succeed in a corporate setting. The course modules offer an Information Technology specialization with a detailed emphasis on computer systems, software, and networks to understand the information process. Each semester's curriculum prepares students to design, implement, and support technology solutions to contribute role in organizational efficiency and improve earning potential.

Through the course curriculum, students will develop industry-relevant insight and manage database management to collect, analyze, and interpret information and incorporate relevant technology for data protection.

## MISSION:

- To enhance students' technical skills and knowledge in solving real-world problems, and to contribute to their role in business success.
- To encourage students to advance their business knowledge and cultivate decision-making and logical thinking skills.

## OBJECTIVES:

The main objective of the online MBA ( Information Technology) is to enhance the management concepts with advanced IT knowledge to define students' growth with core competencies and gain in-depth knowledge of programming, networking, and database management. The program covers the topics of cybersecurity and logical reasoning to prepare for careers in IT services and support roles.

# INSTRUCTIONAL DESIGN

The programme is segmented into four semesters, and the minimum credit requirement is 80 to get an MBA in Information Technology degree from Mangalayatan Online. The minimum time period to complete the MBA in Information Technology degree programme will be two years, and the maximum time period (extended) is three years to pursue the online MBA (IT) degree.
